was a suspicion this morning that Much Ade was to win by the connivance of two of the drivers, who stood for money; but the judges noticed Elyrina helping Much Ade in the heat that Nemofoan won. Shillinglaw was warned and, acting on the advice, pulled off the next heat and ended the long fight. Summaries:

PHILADELPHIA'S GREAT CRICKET.
THE HOME TEAM MAKES THE BIGGEST SCORE ON
RECORD AGAINST THE AUSTRALIANS.

Philadelphia, Sept. 30.—The second day's play in the cricket match between the Australian and Philadelphia teams ended at 5 o'clock this afternoon. The home players to-day completed their first innings for a total of 325, the greatest innings ever seen in this country in a first-class match, and the biggest score ever made against the Australians, the previous record being held by the All-England team, which scored 482 runs in the first innings of the match begun on August 14 of this

year at the Oval, London. The Philadelphians won the finest batting ever seen here, only two men failing to score double figures, and one, F. H. Bohlen, distinguishing himself by scoring a "century" with 18 to spare. A feature was the batting strength shown by every man who went in. Captain Blackham tried no less than eight bowlers, all being hit freely.

When the Australians started their innings late in the afternoon fully 15,000 people were grouped around the ropes and on the stands. A big score was looked for, but, much to the surprise and delight of the crowd, four of the visitors' crack bowlers increased of sharply without being allowed

to do even ordinary scoring. When stumps were drawn after a little over an hour's play, the visitors had made 125 runs for four wickets. George Giffen and Graham were defending the wickets and gave promise of a long stand. Giffen had scored 62, 12 of which were made on two successive hits over the fence, a batting feat not often accomplished on the Edmwood grounds. Play will be resumed Monday morning. The Australians have agreed to remain here Tuesday, if necessary, to finish the match. The score:

TROUBLE OVER A RAILROAD FENCE.

**CITIZENS OF OAKLAND, CAL., FORTHLY PREVENT
THE CLOSING OF A STREET.**

Oakland, Cal., Sept. 30.—The Southern Pacific Railway Company is again having trouble with the citizens of Oakland. The Oakland Water Front Improvement Company, which is practically only another name for the Southern Pacific, claims to own the entire water front of this city. This claim is disputed by the citizens and the matter has been before the courts for the past four months. At 12:30 o'clock yesterday morning a force of railroad men rebuilt the fence across Castro-st., which was demolished a few days ago by infuriated citizens. The men worked under shelter of a long line of flat cars. At 7 o'clock the whistle of the Water Front Mill sounded, and a large crowd gathered and proceeded to tear the fence down. The rail-

road workers hastily put up another fence. The whistle of the time made of barbed wire. The whistle of the Kendall Mill repeated the warning signal, and a crowd of more than 1,000 persons collected. A battalion of police, headed by Chief Schaeffer, stood in front of the fence preventing its destruction. The chief served notice on the proprietors of the mill that if they sounded the whistle again he would arrest them for inciting a riot.

Later in the day the railroad attorney applied to Judge Henshaw for a restraining order against V. A. Fortin to prevent him running his train through Castro-st. to the pier. Judge Henshaw refused to issue the order. The question whether or not Castro-st. was an open highway had not yet been passed on by the court.

THE PRIST CLOTH MARKET.

Fall River, Mass., Sept. 30 (Special).—The cloth market is dull again, and the price has declined an eighth of a cent since Thursday. Manufacturers ascribe the decline to the delay in Congressional

action on the financial question. The production of the week was within 20,000 pieces of what is possible output. It had been expected that the mills would idle would have resumed operations on Monday morning; but, with the weakening market in prospect, there was little likelihood that they will start on their own. The mills now running will continue to run during the next three months. The depression and the reduction in wages are having a serious effect in many families, and applications for relief from the city's pauper department are becoming frequent. Contributions to unions and industrial insurance companies have fallen off by 10 to 25 per cent within four weeks. The Narraway mill, a spinner who struck two weeks ago, is one of the few whose number was discharged. The weekly cloth stock is as follows: Producers 150,000 pieces; deliveries, 125,000; stock on hand, 100,000. The weekly stock, 377,000; sales, 92,000, of which 63,000 were old goods, 29,000 4x4s, 4,000

spots, and 40,000 futures. Sales for weekly delivery, ending October, 42,000; 1,000; 2,000; 3,000; 4,000; 5,000; 6,000; 7,000; 8,000; 9,000; 10,000; 11,000; 12,000; 13,000; 14,000; 15,000; 16,000; 17,000; 18,000; 19,000; 20,000; 21,000; 22,000; 23,000; 24,000; 25,000; 26,000; 27,000; 28,000; 29,000; 30,000; 31,000; 32,000; 33,000; 34,000; 35,000; 36,000; 37,000; 38,000; 39,000; 40,000. The market is dull and the price is 2 1/2 cents for 50,000.

INSURED BY AN UNKNOWN ASSAILANT.
Boston, Sept. 30.—Charles Veith, living in Kenmore Court, Somerville, was found lying in his room in an unconscious condition this morning, alone and bleeding profusely from ugly wounds in the head. On the floor near by was a bloody hammer. After having been taken to the hospital, the doctor pronounced him unconscious and said that about 7 o'clock this morning when he was in his room he heard someone one step in behind him. He turned partly around, but before he could see who the intruder was he received a violent blow on the head and became unconscious. He has no other injuries. The assailant was a man, and said to be twice married. There are no children, and the present Mrs. Veith is at Whitestone.

KILLED HIS WIFE AND HIMSELF.
Indianapolis, Sept. 30.—Robert T. Hunt, a sign painter, living in Virginia, shot his wife in the head yesterday morning and then sent a bullet through his own head. Both are dead. They had been married five years, and had had frequent

quarrels. Mrs. Hunt left her husband two days ago and went to stay with her mother, returning to the house on Thursday to get her things. When she had finished loading her effects on the wagon, Hunt called her into the house for a last word. She had hardly stepped inside the door before he fired.

A YACHT BURNED IN LAKE ERIE.

Erie, Penn., Sept. 30.—The yacht Tallahas, owned by Messrs. Davis and Farrar, of Erie, and valued at \$19,000, was burned last night off Long Point, Canada. She was under command of Captain I. L. Davis, one of the owners, who had with him a party of ten young business men of this city.
